Application for a permit for family members of workers, researchers, athletes or coaches and self-employed persons

This form should be used by family members of a person who is applying for or has applied for a permit to work in Sweden. For this purpose, a family member is a husband, wife, cohabiting or registered partner or child. The Swedish Migration Agency charges a fee for processing your application.

When applying for the first time, the general rule is that you should apply for and be granted a permit before travelling to Sweden.

If you complete all of the details requested on the form and send all of the requested documents, you will receive a decision quicker than if we must ask you to submit supplementary information.

More information is available on our website at www.migrationsverket.se.

I am applying for the first time

I have no residence permit today as family member of this person

The first time you apply for a permit as a family member to a worker, athlete or ICT permit holder the worker must show that they have sufficient means to support themselves and the family members joining them. To show this the worker has to fill in the form "Questionnaire on maintenance and housing", 102511, and enclose it with your application.

The first time you apply for a permit as a family member for a self-employed person, they have to enclose a bank statement or other document that shows that the maintenance requirement is also met for the family members.

I am applying for an extension

I am applying for an extension of my residence permit

I have had a residence permit in Sweden for three years and am applying for a permanent residence permit

If the worker gets a permanent residence permit and you have had a residence permit for three years, you can also state that you want to apply for a permanent residence permit if you can support yourself. Exceptions from this requirement can be made if you are a pensioner or have special grounds. A permanent residence permit can only be granted in connection with the examination of an application for an extended residence permit.

The child and the child's guardian (parent) must decide whether the child wants to be heard and if so, in what way. It is important that it is the child's views that come forward and not the adult's. If the child's parents are interviewed orally, the child will also be interviewed orally.

When the child has had a residence permit for three years, it can be granted a permanent residence permit. A permanent residence permit can only be granted in connection with the examination of an application for an extended residence permit.
