## Residence permit application for researchers

Use this form if you want to apply for a residence permit to work as a researcher in Sweden if you come from a country outside the EU/EEA and Switzerland. You should also use this form if you are in possession of a residence permit to conduct research in another EU Member State and wish to conduct part of your research in Sweden. In order to work as a researcher in Sweden, you must also attach a separate hosting agreement signed by you and the research funding body (institution, organisation, company, etc.) where you will be working.

You can find the hosting agreement form for visiting foreign researchers and further information on our website at [www.migrationsverket.se](http://www.migrationsverket.se). At our webpage you can also read about when you do not need to apply for a residence permit to conduct research in Sweden. Please complete the form on your computer as this makes it easier for us to process the case. You can also apply for a residence permit via [www.migrationsverket.se](http://www.migrationsverket.se).
