

Hosting Agreement for Visiting Researchers in Sweden

Appendix to application

This Hosting Agreement should be used for researchers from outside the EU, EEA or Switzerland invited by a research funding body (institution, organisation, company, etc.) to conduct research in Sweden for a period of over three months.

The Hosting Agreement is a prerequisite for the research funding body to be able to receive the researcher and for the researcher to be able to obtain a residence permit. The Agreement constitutes part of the researcher's application for a residence permit to conduct research or when applying for an extension to their stay.

Through the Agreement, the research funding body undertakes to receive the researcher and the research undertakes to conduct the research project. The agreement must therefore be signed by both the research funding body and the researcher. If a signature is missing, it will take longer to process the application. Provisions regarding hosting agreements are included in the Swedish Act on Approval of Research Organisations to Host Visiting Researchers (SFS 2008:290).

You can also find this form, together with further information, on our website at www.migrationsverket.se. Please complete the form on your computer as this makes it easier for us to process the case.
