## Application for an extension of a residence permit

Use this form if you have previously applied for asylum or are a family member of someone who has previously applied for asylum

Use this form if you want to apply for an extension of your residence permit. This applies if you have previously applied for asylum or are a family member of a person who has previously applied for asylum and has been granted a temporary residence permit. If you have had a residence permit for at least three years, you can also state that you want to apply for a permanent residence permit when you apply for an extension.

Please note that you must always choose a reason for your residence permit, regardless of whether you are applying for an extension or if you are applying for a permanent residence permit.

Write in Roman letters so that it is easy for the Swedish Migration Agency to read what you have written. Fill out one form for each person, including children.

#### If you came to Sweden as a family member to a child or a parent

You do not need to enclose any documents if you apply for a residence permit extension to live with the same child or parent.

#### If you came to Sweden as a family member to a spouse, registered partner or cohabitant
