## Application for proof of residence status for a British citizen

Use this form to apply for proof of residence status if you are a British citizen who is an employee, a student, self-employed or have sufficient funds for your living expenses.

The general application period for residence status ended on 31 December 2021. Certain groups still have the opportunity to apply for residence status. If you do not belong to one of these groups, you are required to provide an explanation as to why your application is submitted late.

A prerequisite for you to receive residence status is that you are a resident of Sweden in accordance with EU law before 31 December 2020 and thereafter continue to meet the requirements for a right of residence. If the Swedish Migration Agency grants your application, you will receive a certificate of your right to live in Sweden.

There is no cost to apply for residence status. Submit one form per person. Do not forget to sign the form.

You who only want to extend the validity period of the residence status card should not submit a new application. You only need to make an appointment with the Swedish Migration Agency to leave fingerprints and be photographed again.

If you have been a resident of Sweden with a right of residence for five years, you can apply for permanent residence status. You must then use the form Application for proof of permanent residence status for a British citizen (281011).

Help us shorten the waiting times by filling in the form on the computer or applying via the e-service.

Clear and correct information reduces the risk of us having to ask you for additional information. It makes it easier for both you and the Swedish Migration Agency. You can find more information at [www.migrationsverket.se](http://www.migrationsverket.se).
