Use this form if you are in Sweden when applying for an ICT permit to work in Sweden on grounds of a transfer within a company or group of companies and you are a citizen of a country outside the EU/EEA area and Switzerland. Your position in Sweden should be that of a manager, specialist or trainee. To obtain an ICT permit, you must be offered a salary for your job that is at the same level as that specified in the collective agreement which rules conditions within your area of occupation. Your employment conditions must also be at least equal to those of an employee stationed in Sweden.

The Swedish Migration Agency charges an application fee for processing your application.

If you fill in all the details in the form and enclose all the documents, you will receive a decision sooner than if we have to ask you to provide further information for your application.
