

Confirmation of application for residence permit for child

Use this form if you are the custodian of a child who is currently residing in Sweden and is applying for an extended residence permit according to the temporary law

For official use	
Case number	Signature

Note! Please read the yellow box before you fill out the form.

An application for a residence permit for a child in Sweden must be signed by both custodians of the child. If one custodian has submitted an application for a residence permit for your shared child, the other custodian needs to confirm this application, which is done by the custodian filling out this application and signing it. If you are the child's only custodian in Sweden you do not need to fill out this form.

The application for the child can be done on the Swedish Migration Agency's e-service for applying for an extension of a residence permit according to the temporary law. This form can be uploaded in the e-service to show that both custodians give their consent to the application. You need to fill out one confirmation form for each child who is applying for a residence permit that you are the custodian of.

You can also apply for an extended residence permit for your child by using the form Application for an extension of a residence permit, form number 201011, which must be signed by both custodians. When both custodians sign the child's application form you do not need to submit this form to confirm the application.

If the child's other custodian has already submitted an application for a residence permit for your shared child, either by using the e-service or form number 200011, you can send this form by post to the Swedish Migration Agency in order to confirm the application in retroactively. For information on what address you need to send your forms to, please visit <https://www.migrationsverket.se/extend-asylum>.
